

**Amarr<sup>®</sup>Classica<sup>®</sup>**  
Premium Steel Carriage House Garage Doors

Northampton design in Walnut with Madeira windows and Canterbury handles and hinges

Cortona design in Sandtone/Terratone with Madeira windows and Canterbury handles

Lucerne design in Sandtone/Wicker Tan with Rhine windows and Blue Ridge handles and hinges

## Colors

Actual paint colors may vary from samples shown. Amarr doors are pre-painted; homeowners can use exterior latex paint for custom colors. Non-factory painting of garage doors voids the paint finish warranty.

Over 800 Sherwin-Williams SnapDry™ paint colors; approved color lists at [amarr.com/amarr\\_color\\_zone](http://amarr.com/amarr_color_zone). Check your local Sherwin-Williams store for paint chips.

Price up charge applies to all colors except TrueWhite.  
\*Odd heights not available in CL1000/CL2000.

Cover: Northampton design in TrueWhite with Thames windows and Blue Ridge handles and hinges

**Looks can be deceiving.** From a distance, you see wood. Up close, it's sturdy, durable, low-maintenance steel. The Amarr Classica collection of carriage house doors. Classic carriage house styles that go up and down like traditional garage doors. Unique three-section tall designs, instead of four, help deliver a more authentic carriage house look. Deception never looked so good.

## Construction

### CL1000

Single-Layer: Steel

- Heavy-duty exterior steel
- Durable, reliable, low maintenance

### CL2000

Double-Layer: Steel + Insulation

- Heavy-duty exterior steel
- Durable, reliable, low maintenance
- Environmentally safe polystyrene thermal insulation with vinyl backing
- Energy efficient
- Quiet operation

### CL3000

Triple-Layer: Steel + Insulation + Steel

- Heavy-duty exterior and interior steel
- Durable, reliable, low maintenance
- Environmentally safe polyurethane thermal insulation
- Superior energy efficient
- Extra quiet operation

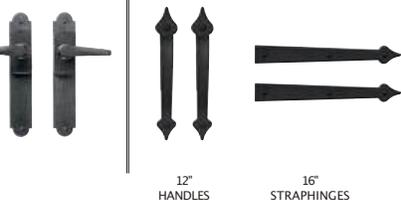

Verified thermal performance rating per DASMA Thermal Performance Verification Program. For best thermal performance, select a door with a low U-factor rating (less heat transfer) or high R-value rating (more heat resistance).

\*Window inserts shown on Clear glass. Designs also available with Obscure, Frost, or Dark Tint glass.  
†Tempered obscure glass with baked-on ceramic design. Design visibility varies due to lighting.  
‡Bordeaux design not available in odd heights.

## MAGNETIC ABS VINYL

### CASTLE ROCK
